Notes:

* Other vehicles and vehicle categories may be added to this list from time to time.

** Please see the policy schedule for the detailed excess structure. The information as stated in policy schedule overrides this document at all times.

*** Instead of the Telematics App, the client has the option of installing a telematics enabled proactive early warning Cross Country approved device. We will then waive the theft/hijack excess.

**** The IVP VAP benefit at an additional R90.00 per month is not available to existing IVP policy holders.

***** Where a Theft/Hijack Excess is applicable the policy holder may elect to purchase the Excess Buy Down VAP at an additional R110.00 per month
